

DOMAINE MONTROSE

MADE WITH LOVE, SINCE 1701

Focus on what's important in life: family and friends, sharing and life's pleasures...

DOMAINE MONTROSE

Coste family for 9 generations

Montrose was founded in 1701, when the "Three Lizards" coat of arms was granted to our ancestor.

The 100 ha (250 acre) vineyard is located in the Languedoc region of Southern France, by the Mediterranean Sea.

The savoir-faire we have gained through generations and continuous dedication allow us to create unique handcrafted wines.

A DIFFERENT STYLE

An artisanal approach, a search for balance

Montrose cuvées are fresh and elegant. We focus on balance over exuberance. Our wines aren't made for wine competitions but for sharing.

Domaine Montrose is a pioneer of rosé winemaking in the Languedoc. It has become a benchmark for rosé wines in the region and beyond.

A VOLUNTARY APPROACH TO PROTECT THE PLANET

HVE Certification and Carbon Neutral

We are certified HVE 3, "Haute Valeur Environnementale level 3", the highest level of France's High Environmental Value certification. It's a result of our efforts towards virtuous agriculture: planting 2000 trees to preserve biodiversity, planting vineyard groundcover, mechanical soil work, pheromone dispensers, etc.

This certification complements our existing "Carbon Neutral" approach. To limit our impact on the planet, we have reduced our CO2 emissions to a minimum. We offset the rest by financing ecological initiatives.
