

OLIVIER COSTE

FAIT AVEC AMOUR
DEPUIS 1701

MADE WITH LOVE
SINCE 1701

OLIVIER COSTE

Winemakers for 9 generations

Since his childhood, Olivier's favorite places to play have been the vineyards and the wine cellar at his family's wine estate founded in 1701 in Pézenas.

With this upbringing, he developed a passion for nature and Languedoc and South of France wines.

OUR WINES

From the best Languedoc terroirs

Fresh, fruit-forward and aromatic, our wines are made for those who enjoy wine for pleasure.

The best way to appreciate them: invite friends over, open and bottle and enjoy the moment.

(OC)RIGINAL STARS

AN ENVIRONMENTALLY-RESPONSIBLE APPROACH

Carbon neutrality, preserve the planet

To limit our impact on the planet, we have been reducing our CO₂ emissions to a minimum (i.e. we use lightweight, eco-friendly bottles). We offset the rest by financing ecological initiatives:

2019: Project Shaung: construction of a small hydroelectric dam in India

2020: Project Gandhi: multiple wind farm sites in India

*Impacts: - CO₂ emission reduction
- Job creation and improved living standards for the communities*

(OC)RIGINAL STARS

Rediscover traditional varietals from Languedoc, South of France

To capture their essence we have chosen old vines, cultivated in traditional Mediterranean gobelet with low yields, which produce concentrated and aromatic grapes.

We use lighter bottles to preserve our planet.

Authentic, eco-friendly and surprising wines.

CINSAULT

Cinsault originates from the South of France. Ours comes from low yield vines, which produce grapes with depth and concentration. This fruit-forward red wine is the ideal partner for Mediterranean cuisine.

Badass, ALICANTE

Born in the Languedoc in 1855, Alicante Bouschet was used to color local and foreign bad wines... rendering it undesirable. Yet, trained in traditional gobelet, it gives lovely fruit aromas with a hint of coffee.

Old Star, CARIGNAN NOIR

Carignan noir is one of the great Mediterranean grapes. To capture its essence, we limited yields by growing it on stony soil with traditional gobelet pruning. It gives rich dark fruit and spice notes with ample freshness.

Rare, CARIGNAN BLANC

Carignan blanc is a rare Mediterranean grape, with only 250 hectares remaining. We like it for its originality, vivacity, floral aromas and long finish.

New Star, ORGANIC ROSÉ

Rosé was the first wine ever made in history, on the shore of the Mediterranean. Our is fresh and fruit-forward. Enjoy it as an aperitif, with salads, sushi or barbecues, but most importantly with good friends.
